Preface

The reorganization of the Leeward CC Campus Council, in order to incorporate the responsibilities of the former Executive Planning Committee (EPC), is hereby promulgated with the following understandings:

The Campus Council will serve as a recommending body to the Chancellor for finalizing planning and budgetary matters, including but not limited to program reviews, area plans, budget structuring and prioritization of the college's operational plan. On behalf of the constituencies of the college, it has the responsibility of recommending college priorities to the College Chancellor and through the College Chancellor to the Vice President for Community Colleges, President of the University of Hawai'i, and the Board of Regents of the University of Hawai'i. "Priorities," under this constitution, means establishing preferences for the direction of the college, particularly in regard to budget planning and resource allocation.

Article I Purpose and Functions of the Council

- Section 1. The Council reviews the findings and planning lists generated from the Annual Review process along with recommendations from the Information Technology and Space Management and Facilities Planning Standing Committees and then makes recommendations on overall prioritization for budget requests and strategic directions based on institutional parameters (e.g. Leeward CC Strategic Plan, UH system directives, budget ceilings, etc).
- Section 2. The Council annually reviews the adequacy of the planning process, making recommendations for improvement as to quality and usefulness of the data collected. It

also assesses whether data is being housed in a manner that allows for decision-making that is open and transparent.

- Section 3. The Council ensures the integrity, finalization and resolution of any questions or disputes over the interpretation or application of the planning process, including any concerns related to planning and budgeting not currently covered by the planning process, such as grants.

- Section 2. Any member of the campus community may serve on a Council Ad Hoc Committee.
